

Freedom to Roam

Break free from the front of the classroom with the RM Classpad. Create and deliver engaging lessons with all the interactivity of a whiteboard.

The RM Classpad gives you the mobility you want, allowing you to engage your students anywhere in the classroom. The stylus features a built-in laser pointer to help students follow the lesson.

RM Classpad Features:

- » Freedom to teach from **anywhere in the classroom**
- » Stylus with built-in **laser pointer**
- » **Wireless** (RF) operation of applications including RM Easiteach
- » Ergonomic design and high performance
- » 30-foot range for unhindered movement
- » **20-hour battery life**
- » One-year warranty

» *“RM Easiteach has significantly impacted my classroom environment and the RM Classpad has completely changed the way I teach. I no longer feel tethered to a board at the front of the room. Instead, I finally have the freedom to move around the class to help students, while still being able to manipulate the internet, write and solve math problems using RM Easiteach’s visual aids, and access hard to find resources from anywhere in my room.”*

RM Easiteach

Maximize your technology investment with RM Easiteach, included with every RM Classpad!

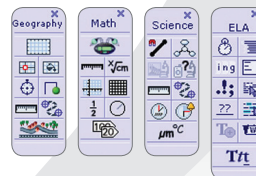

This powerful and flexible lesson platform allows you to create resources that incorporate text, clipart, animations, videos, flash files, sound, hyperlinks, databases and spreadsheets. Included in the starter pack, you receive the standard RM Easiteach toolbar to be used across the curriculum, allowing you to manipulate objects in use and edit mode.

Create Interactive Lessons with RM Easiteach

RM Easiteach Subject-Specific Toolbars

Inspired by teachers, these math, language arts and science tools are designed to create exciting and engaging curriculum-focused lessons. They are easy to use, flexible equivalents of familiar teaching tools that, for example place-value cards for math, sentence builder cards for literacy, map building tools for geography and stopwatch and timer tools for science.
